

**Thank you for sending your expired AED batteries
(cores) to the AED Battery Exchange (ABE).**

It's a VERY GREEN thing to do!

Print this page for shipping and safety labels.

Shipping Instructions:

- Please don't send cores with broken tabs or extreme corrosion on the contacts.
- DO NOT put tape over contacts (if they are already taped, don't worry about it).
- If possible, place separation around cores to avoid damage.
